

Cole -

Your targets:

- Lioness Jewelers
- Valborne Estate
- Garrix's "art" installation in Aroden's View
- Hoity-toity art showing in Grandbridge
- Lady's literary salon
- Queen's Tears Fountain

Make sure to frame the Pathfinders; use the Glyph of the Open Road (pictured below), their motto "Explore Report Cooperate," and the crate of Wayfinders I gave you.

Do not fail me.

I am disappointed by Cole's monumental incompetence. I have expressed said disappointment, and rest assured he will not make it to trial. He has set the bar so low you cannot help but do better.

Framing him isn't working because of that FOOL Cola and your own buffoonery. A more direct approach is needed. APPREHEND MUESELLO. NOW. He's holed up in a candle warehouse in Eastport.

Meet me here. Today. And don't forget to DESTROY THIS LETTER when you're done. Cole always left EVIDENCE laying around like a FOOL.
